No Lead Product Identification

Legend No Lead brass or bronze valves and fittings are easy to identify and order.

All No Lead brass and bronze alloy valves and fittings are highlighted in green shading throughout this price list. Legend also adds the suffix “NL” to both the model and item number to identify the No Lead version of each product offered. Items not highlighted in green are available in traditional alloy only.

Example: If selecting a ½” size P-200 press ball valve, the item number 101-003 is for the traditional brass version and item number 101-003NL is for the no lead brass P-200NL.

Legend No Lead valves and fittings comply with the Federal No Lead Law 111-380 and are third-party certified.

As many brass alloy valves and fittings have multiple uses (ie. gas, process piping, hydronics), Legend traditional brass and bronze valves and fittings for non-potable water applications are marked and identified.

A Legendary Guarantee: 5 year / $25 warranty. For complete details of this legendary warranty please call Legend Customer Service at 1-800-752-2082.

Signature Series private label ball valve allows you to customize the handle, including using your logo. This program is available for select ball valves. For more information, call Legend Customer Service at 1-800-752-2082.

Oxygen cleaning for most valves and fittings is available. Material is cleaned, tagged and bagged. Lead time is five business days. For more information, call Legend Customer Service at 1-800-752-2082.
WHOLESALE TERMS AND CONDITIONS OF SALE

Terms of Payment
2% 30 Days, Net 45
Cash discount is to be calculated on the total amount of the invoice before additions for transportation. A 1-1/2% service charge per month will be added to past due balances.
